JR Screen RulerA screen ruler is a great tool which allows you to measure anything on the screen.. The vertical ruler is always available for page layout documents You can set the ruler to use different increments (points, inches, centimeters),.. You can customize color setting transparent color, ruler rotation and more You can activate by key controls.

Even though MB-Ruler for Mac has not yet been released, there are plenty of other screen rulers for Mac.. You want to measure on the computer screen in different measurements then you need an on-screen ruler to do the same.. To see what version you are using, go to the top menu bar: Documents To Go Desktop/About Documents To Go.. The on-screen ruler is used by persons

who want to measure the screen like website designers and others.. ContentDocs To Go Desktop for Mac The latest version of Docs To Go Desktop for Mac is: v. 34bbb28f04 [Download Pubg For Mac](#)
